Your holiday activity kit

Pack up your pens! Be prepared for some creative fun on your holiday – make your own kit.

What’s in the kit?
Here are a few essentials you could pack for lots of creative fun.

- Pads of paper
- Envelopes
- Coloured paper and card
- Blank postcards
- Stickers
- Pencil
- Felt-tip pens
- Coloured pencils
- Wax crayons
- Paints
- Ruler
- Strong glue
- Glue stick
- Sticky tape
- Eraser
- Pencil sharpener

Mini paints and pencils can save space.

Make a kit box
YOU WILL NEED:
A box (a shoe box is ideal), coloured paper, thin card, and cord.

Shoe box with lid

Make four holes.

Add handles

Thread the cord through the holes.

Tie knots on all four ends, making sure the knots are big enough.

Pack up your materials in the sections.

The larger pads of paper will fit on the top.
Add some dividers

Use thin card to make dividers.

- Cut a strip the same length as the box.
- Cut two strips the same width as the box.
- Cut one slot up each width as shown.
- Cut two slots from the base edge to the middle.

Slot the card strips together.

Slide the dividers into position.

Cover up

Wrap your box in paper – wrapping paper works well.

You could stick on pictures from magazines or paint the box instead.

Decorate

Use coloured paper to make some patterns.

Design a pattern for the lid, draw it on paper, and glue it in place.

Pack and go!

You could stick on pictures from magazines or paint the box instead.

Design a pattern for the lid, draw it on paper, and glue it in place.

Cov er up

Decorate

Have a good trip!
Fold-away game mats

Anywhere and everywhere – make a game mat that folds up neatly in your box.

Your mat will need to fold up small enough to fit in your box.

You can use anything as counters, even your snacks!
Fold-up game board

Find a piece of white material to make a fold-away board. White cotton is good as it will fold up nice and small.

Cut out a piece of white cotton, 30 cm by 30 cm (12 in by 12 in).

With a ruler mark out every 2.5 cm (1 in) across and down.

Draw in the lines, making sure you have 8 boxes by 8 boxes in the centre of the cotton.

Colour in every other square. No coloured square should be next to another coloured square.

Snakes and ladders

Your board can be adapted to snakes and ladders, draughts, chess, or any other board game. Just cut out felt shapes to suit your game.

Ready to play?

Make sure you learn the rules of the game you choose to play, then unfold the mat and play away!
Sticky play tin

Another portable game box – this time full of sticky games that will stay in place when you’re on the move.

Pack up your tin, get sticky, and get playing!

Why use a tin container?

Magnets will stick to the lid of a metal tin, such as an old biscuit tin. You can make pictures and write messages and they won’t slide around.

Metal tin

Foam or card shapes with magnets glued to the back.

Fridge magnet letters and numbers
What’s in the tin?

Letter and number magnets
Write a message, play a word game, do some sums, or make funny faces.

Inside the tin lid
Glue a piece of felt to the inside of the tin lid. You can then make pictures out of felt pieces.

Felt shapes
Furry felt shapes are great for making pictures. Turn over the page for some shape ideas.

It’s full of bits in boxes
Keep your bits and bobs together by finding small boxes that will fit neatly into your tin. They’ll keep your tin neat and tidy.

Lap top
Open your tin when you’re on the move or on the beach!

Fold-away game mat
Here’s the perfect place to store your game mat.
Sticky furry felts

Felt sticks really well to felt so you can make felt pictures without them sliding away – perfect for moving vehicles.

1 Inside the tin lid
Cut a piece of felt to fit inside your tin lid and glue in place.

2 Glue it flat
Now you have a non-slip surface to place your shapes on.

3 Cut out shapes
Now all you need to do is cut out lots and lots of felt shapes.

Now make a picture

Keep the shapes in a box and store it in your tin.

Cut circles, squares, flowers, leaves, and any other shapes you can think of.
Tangrams

What is a Tangram? It’s a Chinese puzzle made by cutting a square into five triangles, one square, and one rhomboid. These shapes can all be rearranged to make hundreds of different pictures.

Your tangram template
For help with your tangram template, turn to page 48 where you will find instructions on how to transfer a template onto card.
Pack-up some fast food for a long journey. Bite-sized snacks like grapes, nuts, and vegetable sticks all boxed up in airtight tubs are just right when you’re peckish.

**Foody travel tips**
- Don’t take too much sugary or salty food.
- Fresh vegetables and fruit are more refreshing.
- Feeling travel sick? Try ginger – it’s good for your digestion and may settle your stomach.
Bite-sized

Small pieces of food are sometimes all you need to keep you going on a long journey. After all, if you’re cooped-up in a car you won’t need lots of extra energy.
**Gingersnaps**

Makes 16 biscuits

Into a bowl goes:
- 100 g (4 oz) self-raisning flour
- 40 g (1 1/4 oz) granulated sugar
- 1 tsp ground ginger
- 1 tsp bicarbonate of soda
- 50 g (2 oz) butter

1. Put all the ingredients into a mixing bowl.
2. Rub it together using your fingertips.
3. Add 2 tablespoons golden syrup.

Set the oven to 190°C, 375°F, Gas mark 5.

1. Rub it together then add the syrup
2. Make a big ball

**Travel tubs**

Air-tight containers will keep your food fresh throughout a journey and will stop anything from spilling out.

**Rough track oat bars**

Makes 24 bars

Into a saucepan goes:
- 50 g (2 oz) soft brown sugar
- 2 tablespoons golden syrup
- 75 g (3 oz) butter
- 200 g (8 oz) rolled oats

Set the oven to 190°C, 375°F, Gas mark 5.

1. Melt it down
2. Add the oats.

Ask an adult to help with the hot pan.

Turn off the heat! Keep stirring until the oats are mixed in.
3 Divide the ball into 16 pieces.

4 Roll each piece into a ball.

5 Place the balls on the baking sheet and press them down with a fork.

3 Make into small balls

4 Squash them

5 Bake them

Ask an adult to help with the oven.

Bake for 10–15 minutes

You may need to cook them in two batches. When they are done let them cool down on a rack.

Pour into a non-stick baking tin – about 20 x 30 cm (8 x 12 in).

Press the mixture down and out to the edges.

Use the back of the spoon.

Cut into bars while still slightly warm.

When they have cooled, remove the oat bars.

Load up the beans, we’re off!

3 Tip into a pan

4 Press it down

5 Bake and cut

Bake for 20 minutes.
Crunchy holiday postcards

Cookie postcard
Bake some yummy shortbread cookies, have fun painting your holiday scenes on them, and give them to a friend.

Ink you can eat!
Use food colouring just like ink to paint your pictures onto your cookies.

Red...
yellow...
green...
blue.
Making the cookies

Makes 8–10 cookies

1 Rub it together
Put all the ingredients in the bowl and rub them together with your fingers until the mixture is crumbly.

2 Roll it out
Squeeze the mixture into a ball. Sprinkle flour on the table and roll out the dough to 5 mm (1/4 in) thick.

3 Cut into rectangles
Use a knife to cut the dough into rectangles. Collect up the leftovers and roll them out again.

4 Place on the tray
Grease a baking sheet then carefully transfer the dough onto it. The cookies are now ready for the oven.

5 Bake then cool down
Bake in the oven for 10–15 minutes.

Ask an adult to help with the oven.

Paint your cookies

When the cookies have cooled down they are ready for painting. Remember to keep your brush clean.

Wish you were here!

150 g (6 oz) plain flour
100 g (4 oz) butter
50 g (2 oz) caster sugar

Set the oven to 170°C, 325°F, Gas mark 3

Pour drops of food colouring into a palette.

Wash the brush with water each time you change colour.

Paint directly onto the cookie.
Drink on a stick
Squeeze and freeze! Buy some fruit juice or squeeze your own, then freeze it into refreshing lollies.

Keeping cool
“Phew! It’s a hot day. I could do with something delicious to cool me down.” Look no further, these icy creations are perfect for a hot day or a long journey.

Frozen fizzy fruit cups
Use fresh fruit and lemonade for these fizzy fruit ices.

Pour some fruit juice into an empty pot.

Put the fruit and a spoon in a plastic cup and fill with lemonade.

Put the spoon through a hole in the card.

Cut some thin card to fit the top of the cup.

Lemonade

Fresh fruit

Plastic cup

Plastic spoon

Put a lolly stick through a piece of card.

The card will keep the stick upright.

Push the lolly stick to the bottom of the pot.

Push the pot into the freezer.

Be patient, it will take at least six hours to freeze. If you can, leave it overnight.

Try making lots of different flavours.

Take the cardboard off and pull it out of the pot – a delicious lolly.

REMEmBER Keep the card on the pot until you are ready to eat the ice.

Carefully put it in to the freezer overnight until it’s solid.

Try making lots of different flavours.
Cool for long journeys

Put a bottle of water or juice in the freezer overnight. Take it out just before your journey and it will keep cool for most of the day.

Make mini fruit cups using small dessert pots and tiny spoons.

Keep the cup so when the lolly melts you can eat the fruit with the spoon.

Buy an atomiser from a chemist and fill it with fresh water.

Refresh your face.

Frozen fruit drinks
Stencil your style

Personalize your stuff.

Choose a motif, cut out a stencil, and print, print, print – it’s as easy as that!
Print matching sets

Stenciling is simple!

The trick to stencilling is to keep the designs very simple.

Create your own logo – it could be a holiday theme or your favourite activity.

Print matching sets

Stencil everything!

Once you have decided on your design, you can stencil lots and lots of things from notebooks and boxes to bags and caps.

Backpack
Notebook
Hat

Use a smaller version of your design.

Keep it simple

The trick to stencilling is to keep the designs very simple. Create your own logo – it could be a holiday theme or your favourite activity.

Holiday kit box
Prepare your shirt

A clean, white shirt will work best because the paint shows up well, but a pale colour will work too.

Design your stencil

Fabric paints are the best to use – they work like ordinary paints but will not wash out when you clean your clothes. Follow the makers’ instructions on the pots.

If you can’t get fabric paints, you could use acrylic paints instead.

Keep the image simple

Use the piece of stencil card to draw your design. Bold simple shapes work best – they are easier to cut out and print through.

Stencils look better if you have more than one cutout in the design. This way you can use more colours too.

Paint your design

Fabric paints are the best to use – they work like ordinary paints but will not wash out when you clean your clothes. Follow the makers’ instructions on the pots.

If you can’t get fabric paints, you could use acrylic paints instead.

Dab on the paint

Use the paints straight from the pots.

If you can’t get fabric paints, you could use acrylic paints instead.

Use thin card for the stencil.

Use a stiff piece of card that will fit inside your shirt.

Tape your stencil in place at the top and bottom.

Don’t put too much paint on the brush.

The material needs to be completely flat to get the best print. Put a piece of thick card inside the shirt to stop it ruffling up.

Paintbrush with hard bristles

Use the paints straight from the pots.

Use thin card for the stencil; cereal packet card works well.

If you can’t get fabric paints, you could use acrylic paints instead.

Remember – whatever you cut away will be where the ink goes through.

Insert the card right up to the neckline.
Ask an adult to help you cut out the design.

Make a background

Cut out another piece of stiff card and use it as a template to mark out the background of the design. Put tape around the edges of the card, then remove it.

Add the colour

Paint a colour within the tape.

Leave it to dry.

Paint all the colours before you remove the stencil.

Peel back the stencil

Remove the stencil and allow the paint to dry.

Iron over the pattern to fix the paint – follow the instructions on the paint pot.

Iron over the pattern to fix the paint – follow the instructions on the paint pot.

Little and large

Make smaller stencils for caps or notebooks.

Ask an adult to help with ironing.

Ready to go!
Your favourite toys can take a trip too. Set them up with their own holiday kit.

Ted's on tour

Ted at the beach
Search through your stuff for things that are Ted's size.

- Face flannel
- Toy boat
- Ted's own magazine
- Small plastic container for orange juice
- Paper parasol
- This tiny toy camera was on a keyring.

Ted's passport
Ted needs a passport to go on holiday. Fill in his personal details and add some pictures to show what he's been up to.

Smile please!
Here is a great way for you to record your trips. Take a photo of a favourite toy enjoying what you are enjoying.
1. Take two pieces of card. Fold them in half and glue the white card inside the cover.

2. Take Ted to have his photo taken.

3. Design a symbol for the front cover and stick it in place.

4. Fill in Ted’s details and use stickers or draw where he has been.

**Ted’s ID card**

**Ted’s album**

Wherever you are, take a picture of Ted enjoying the scenery, having a meal, relaxing on the beach, or on the road. It’s a different way of recording your trip too.
Wish you were here!

I’m having a great time! Make your friends envious by sending them a postcard you’ve drawn yourself.

You could show them...
your favourite meal, the beach you have been to, your friends, or your family on the road. Perhaps there are some unusual plants or animals around.

Yum yum

At the camp

Ours is the RED one!

To Granny

The cottage up the street

Back home
To make your card

Take a blank postcard from your kit, draw a picture in pen or pencil, then colour it in using paints or crayons.
My holiday activity book

To make the covers, cut out two pieces of card from cereal boxes.

Cover the pieces of card with coloured paper.

Draw two handles on a piece of paper.

Glue the paper to a piece of card and cut them out.

Punch two holes in the bottom of the cards.

Stick one handle to each piece of card.

My holiday book

Pack a suitcase book with all your holiday memories.

Suitcase diary

This suitcase diary is perfect to store your holiday memories in. You can fill it with photos, tickets, and any other souvenirs.

To make the covers, cut out two pieces of card from cereal boxes.

Bon voyage
Tickets and tags
Save everything!
Wherever you go collect your tickets, tags, and any other bits to stick in your book.

Holiday snaps
Take photos of your visits and stick them in. You could create a photo-story of your day.

Cut out pieces of coloured paper to the same size as the cover.

Thread string or ribbon through the holes and tie a bow.

Punch two holes in the bottom of all the pieces of coloured paper. Slip the paper between the two covers.

Cut triangles of paper to stick to the corners of the book.

Collect leaflets from places you have visited and cut out the pictures.

Collect some postcards from your travels.

This was the view from the plane!
How to shape a book

A book doesn't have to be book-shaped; it can be any shape you like! Think about what sort of holiday you will have, and design a shape that suits the trip. Use the instructions on page 28 to make the book, but change the shape.

Let's go!

How are you travelling on your holiday? Why not design a car book, a plane book, or a boat book?

My road trip

My beach holiday

Try writing a poem about the beach or sea. Is the sea shallow or deep? Is it calm or are there waves? Is the beach sandy or pebbly?

Drawing pictures
Save some of your homemade postcards to stick in your book.

The sand tickled my toes...

Try writing a poem about the beach or sea. Is the sea shallow or deep? Is it calm or are there waves? Is the beach sandy or pebbly?

Save some sand in a bag and stick it in.

Decorate your shell book with glitter and goggle eyes.

Sparkly ribbon

Save some sand in a bag and stick it in.

Nature walk

Off for a stroll?
Collect as you go! You’ll be amazed what you can do with a good nature collection. Keep a look out for leaves, seeds, and a bird’s feather or two.
Superbug collection

Create your very own collection of creepy crawlies. Butterflies with flapping wings and tiny beetles with nutshell wing cases, all held together on clay bodies.
**Wise owl eyes**

Lay out the things you’ve collected. Are you inspired by any of the shapes?

Draw a mask shape onto a piece of thin card, making sure that the eye holes are the same width apart as your eyes.

Cut out the mask.

Use strong glue to stick leaves to the mask shape.

**The Green King head-dress**

How to make a leafy crown.

Tape lots and lots of leaves to the card.

Cut out a piece of card that will fit around your head, with extra length to attach the ends.

Tape the ends together.

How to make a nutty bug

Add cherry-stalk legs.

Roll out a clay head and body.

Give it a nutshell back and wings.

**Wise owl eyes**

How to make a leafy mask.

Use strong glue to stick leaves to the mask shape.

Nutshells ...

Smaller leaves make a border...

Acorn beak ...

Tape a garden cane to the back of the mask.

The cane will allow you to hold the mask up to your face.
A fancy frame
Make a natural frame to show off a painting or photograph.

Cut a frame out of cardboard that has thick enough edges to stick on your nature collection.

Ask an adult to help cut out the frame.

Use strong glue to attach all kinds of leaves, seeds, feathers, twigs, fir cones, and anything else you might find.

Follow the country code
Do respect the countryside.
Do keep to the footpaths.
Do close gates after you.
Don’t pick wild flowers.
Do try to collect things that have fallen from trees and are on the ground.
Don’t go out on your own, ALWAYS TAKE AN ADULT.

Always remember to take a bag with you on a nature walk to put the collection in.
Beach art
A visit to the beach gives you plenty of material to play with. Try instant art or gather some beachy bits and make art at home.

Painted pebbles
Fishy stones and patterned pebbles make great presents.

Standing stones
Instant art on the beach.

Pebble people
There are lots of pebble faces on the beach, it's up to you to find us.
**Pebble pals**

Fish tails
Put stones together to make different shapes.

**Sandman**
Make faces in the sand and let the sea wash them away.

**Patterns and scenes**

Vrooom!
**Pebble heads**
Practise pebble faces on the beach then take them home and glue the stones together.

Search for shapes that work best for faces.

Add goggle eyes.

Use a strong glue to fix them together.

**Pebbles make great art.** Make patterns and faces on the beach, or take them home to play games with and create gifts for friends.

Beachcombing
As you play on the beach, fill up a bucket with bits and bobs that catch your eye. Take it home and start creating.
Hello sandy face!

Not all pebbles are round, some are odd shapes. This one looks just like a nose. Search them out and make happy, sandy faces.

**Painting pebbles**
Acrylic paint is thick and waterproof so it is perfect for painting pebbles. Paint it straight onto the pebble – you may need two coats of paint for a perfect finish.

Apply the first coat and wait for it to dry.

Wash your brush out between colours.

To make the paint less see-through, add some white paint...

**Mini cakes**
Make a miniature picnic. Take small stones and paint them to look like delicious creamy cakes.

**Rings and things**
Make your pebbles and shells into precious jewellery. You will find ring bases and claws for pendants in local craft shops. Use strong glue to attach them.

Rings
Brooch back
Pendant claws
Add string to make a necklace.

Shells for ears and a painted face

Spread out the claw’s prongs and use strong glue to press it to the pebble or shell.

Apply the first coat and wait for it to dry.
Your souvenir shop

It's fun to buy mementoes on holiday, but it's even more fun to make your own to keep or give away.

3-D scenes in a box

Snow domes

Plaster pictures

Bag them up and give them away.

Mini pet Dinosaur in a jar
Collect fir cones, twigs, and nut-shells to set in plaster.

Woodland walk

Make a scene that reminds you of your holiday.

3-D picture

Set the scene in a wooden cheese box.

Wherever you go and whatever adventures you have, make sure you remember them by turning things you have collected along the way into art. Then let friends know how good your holiday was by giving your art away as presents.

Happy holiday giveaways

Reuse glass jars to make a magical scene.

Snowstorms

Transform plastic models in glitter and glycerine.

Mini pets

Give a home to a tiny plastic animal in a jar.

A piece of cloth held on with an elastic band.
Plaster plaques

Plaster of Paris is really easy to use but it dries quickly so work fast! You can buy it in local craft shops. Use any old plastic containers you find to make perfect presents or keepsakes.

**MIX THE PLASTER**
For a small container:
2 tablespoons plaster
4 tablespoons water

**1 Stir in the water**
Plaster of Paris
Add some water...
...and stir.

The mixture should be like thick cream – not runny. Add more water or plaster until it’s right.

Plaster of Paris is really easy to use but it dries quickly so work fast! You can buy it in local craft shops. Use any old plastic containers you find to make perfect presents or keepsakes.

Snowstorms

Mix up a snowstorm to remind you of your holiday. To make it sparkle you need a very clean glass jar with a screw-top lid. Use a strong glue – not a glue that will dissolve in water.

**Mix The Plaster**

For a small container:
2 tablespoons plaster
4 tablespoons water

1 Stir in the water

Glue the toy to the inside of the lid.

Leave the glue to set.

Fill a jar just over halfway up with water.

Glycerine can be bought in chemists. It is thick and helps the glitter to move in the water.

Glitter

Cut out the template and use it to cut out lots of pieces of coloured paper the same size.

Strong glue

Draw around the box to make a template.

Cut out the template and use it to cut out lots of pieces of coloured paper the same size.

3-D Scenes

These 3-D pictures are made out of layers of paper, with a wedge stuck between each layer to give the 3-D effect. Collect the light-weight, wooden boxes that come with things such as cheese – they can be transformed into some great art.
2 Fill the mould

3 Make your design

4 Let it set

5 Turn it out

Pour in 2
tablespoons
of glycerine.

Add a
teaspoon
of glitter.

Stir it up.

Stir it again.

Glue a whole circle to
the bottom of the tray.

Glue a whole circle to
the bottom of the tray.

Keep sticking the layers onto the picture.

Cut out the
landscape shapes.

Sticky pads can be bought in stationery shops.
If you can’t find them, cover both sides of a
thick piece of card with double-sided sticky tape.

Add a white paper,
snow-capped peak.

A piece of brown
paper makes a
hillside hut.

Tape ribbon
to the back
to hang it up.

Sticky pads can be bought in stationery shops.
If you can’t find them, cover both sides of a
thick piece of card with double-sided sticky tape.

Draw some
landscape swirls
on the circles.

Things to do

VIP for a day!

Bite into your cake. If you get the one with the cherry in it, you are a Very Important Person and YOU get to choose what to do for the day.

What will you choose? Perhaps...
- be treated like royalty for a day?
- you get to sit in the front seat?
- you choose the film?
- you get to go first – anywhere?
- choose the restaurant?

Take a bite... I’ve got it!

1 Mix it up
Put all the ingredients in the bowl and beat until the mixture is light and fluffy.

2 One cherry
Put some paper cases in a bun tin. Take ONE cherry and place it in ONE of the cases.

3 Cover up
Spoon the mixture into the cases, making sure you cover the cherry completely.

Set the oven to 190°C, 375°F, Gas mark 5

4 Bake
Bake in the oven for 10–15 minutes.

Ask an adult to help with the electric whisk and the hot oven.

5 Decoration
Mix some icing sugar with a few drops of water and spoon it on top of the cakes.
playing games and going on outings, so here are some ideas to help you along.

**Draw a monster…**

…with your friends. Take a piece of paper and draw a head at the top. Fold the paper down and pass it to the next person, who draws the top of the body. They fold it down, and pass it on as shown. When it’s done, open it up and there is the mystery monster! Remember – don’t show anyone what you are drawing.

**What shall we do?**

Can’t decide what to do? Why not let the jar be your guide? Write down different ideas on pieces of paper, fold them up, and put them into a jar or box. Then when you just can’t decide what to do, dip in.

- Let’s get out the paints.
- Let’s go to the cinema.
- Let’s go on a bike ride.
- Let’s play cards.

**What happened next?**

Who knows where the story will begin or end! The great thing about this game is that you all get to listen to a story – but no-one knows what will happen next…

Pick someone to start a story and let them make up the story for half a minute. When their time is up, the next person picks up the story where it stopped and carries it on for another half-minute. The last person has to end the story.

**HERE ARE A FEW STORY IDEAS TO START YOU OFF.**

Dad promised us that he knew the way to the beach, but as they climbed higher and higher up the mountain, they had a feeling they were lost…

OR

One fine day a toad and a frog were sunning themselves by a small stream. Suddenly they heard a loud BANG!

OR

It all started when James went to Tom’s house to play football…

---

1. Draw a head.
2. Draw the top of a body…
3. …then the bottom…
4. …and finally the legs.

Open it up.

What a very strange monster!
Are we there yet? Travelling doesn’t have to be boring. Here are some games to challenge the family with – whether you are on a car, bus, plane, or train.

Grandma’s suitcase
How good is your memory? Test it with “Grandma’s suitcase”. List the things Grandma has packed to go on her holiday. The things she packs can be as wild as you like, all you have to do is remember them – here’s how it goes...

My Grandma went on holiday and in her suitcase she packed:
...a pair of flippers

The next person repeats the above then adds another packed item.

My Grandma went on holiday and in her suitcase she packed:
...a pair of flippers
...and a pet kitten

Carry on and on until someone gets an item wrong or can’t remember one and gives up.

It might end up sounding like this...

My Grandma went on holiday and in her suitcase she packed:
...a pair of flippers
...a pet kitten
...a set of drums
...the England football team
...her best cardigan
...an umbrella
...and a small frying pan
...and on and on!

Travel bingo
Cut out some square pieces of paper the size of a CD case. Draw lines down the cards so there are three boxes across and three boxes down. Now draw a picture in each box – draw things that you might see on a road journey.

How to play travel Bingo
Give each person in the car (apart from the driver!) a card and tell them to tick the picture when they see it outside the car. When you have ticked all the boxes shout “BINGO!“. Give each player a pencil so when they match a picture they can tick it off their card. To play again, just rub out the pencil ticks.

Keep the cards together in a CD case.

Words on plates
Look at a licence plate. You’ll notice that there are three letters in a row on it. When you are on the road, pick a car, look at the licence plate, and race each other to make a word out of the three letters. The letters must stay in the same order but the word can be as short or long as you like. Watch out, some letter combinations are really difficult!

I spy
I spy with my little eye, something beginning with “S”...
Is it a signpost?
Is it a scarecrow?
Is it a street lamp?
I know, it’s my sunglasses!
All you have to do is think of something you can see, then tell the family the first letter. The first person to guess the word wins.

Red car, yellow car
Pick a colour and count the number of cars you see in that colour. The first to reach ten wins!

I see 10, I’m the winner!
Patterns for stencils

Copy these shapes to use as stencils for your prints (pages 20-23). Turn over to page 48 to find out how to transfer the designs onto a piece of card.

Ask an adult to help you cut out the shapes.
How to transfer the tangram onto thin card (from pages 10-11)

Lay a piece of tracing paper over the shape.

Copy the red lines onto the paper.

Turn over.

Turn over again.

Cut out the card pieces.

Remove the tracing paper.

The Holiday Activity Book

With on-the-move food ideas, non-slip board games, and lots more family activities, The Holiday Activity Book makes the journey as much fun as the holiday itself.

Make your own portable game box, print your own t-shirts, and create some nature art.

Whether you are in the city, on the beach, or up a mountain, you won’t be saying “Are we there yet?” or “I’m bored” on holiday ever again.

"Jane Bull’s DK books provide fun and fantastic-looking activities that kids can’t help but respond to with enthusiasm."
